

Mativity Client Support System

Quick start guide

Mtivity Client Support System

We are very pleased to announce the launch of a new Client Support System for Mtivity. The new Client Support System will provide you with more support than ever before, enhancing your use of Mtivity on a daily basis.

Key Benefits of the new Client Support System:

- User Profiles – Create your own profile and track requests, view client specific information and submit requests with ease.
- Online Request Submitting – By completing the form online, with a few pieces of specific information we will be able to greater assist you.
- Contact – support requests will be answered through the system, but also answers will generate an email to you so you won't miss out if you don't log on.
- News – your home page will show news items and updates about Mtivity.
- Forums – Announcements, FAQs, Guides and Documents and client specific areas. You will be able to easily find answers to your questions here. You can also participate in some forums and help grow the information that will assist all clients.

We will still be able to deal with support requests via email, telephone and Skype – but every request will be logged into the Support System to give Mtivity Support Staff enhanced management of all support requests.

How to contact Mtivity Support

Primary Support Desk:

www.mtivity.com/support

This is our new Client Support System, and we would greatly appreciate you trying this method before any other to solve your query, problem or bug.

Other methods to contact Mtivity Support:

Email:

support@mtivity.com

This email address will direct all emails to our Client Support System, where they will be converted into a Request.

However, we can help you more if you directly go to our system first, as you will be able to provide more specific details, which can enable us to solve your case quicker and more effectively.

Skype:

Mtivity.support

You can IM or call us on Skype.

Tel:

UK Support Desk: +44 (0)333 666 1890 (M-F, 9am – 5.30pm GMT)

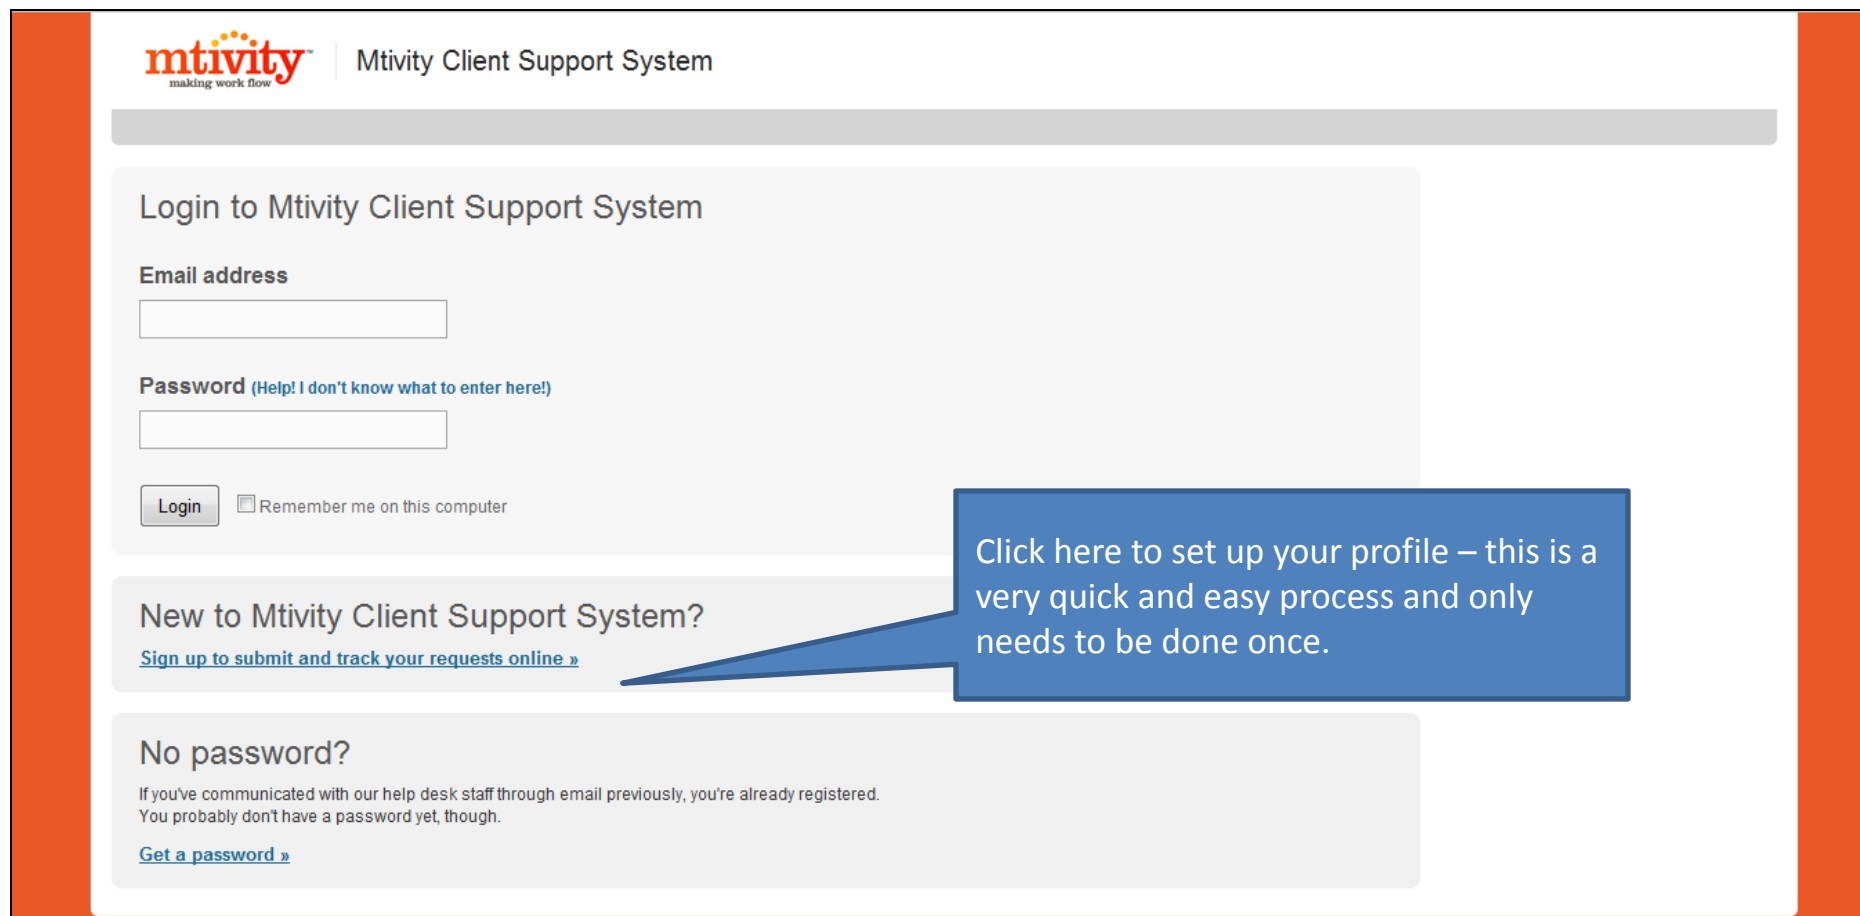

US Support Desk: +1 (585) 200 3151 (M-F, 9am – 5.30pm EST)

First time user: Setting up a profile on
mtivity.com/support

Quick Start Guide for www.mtivity.com/support

First Time User:

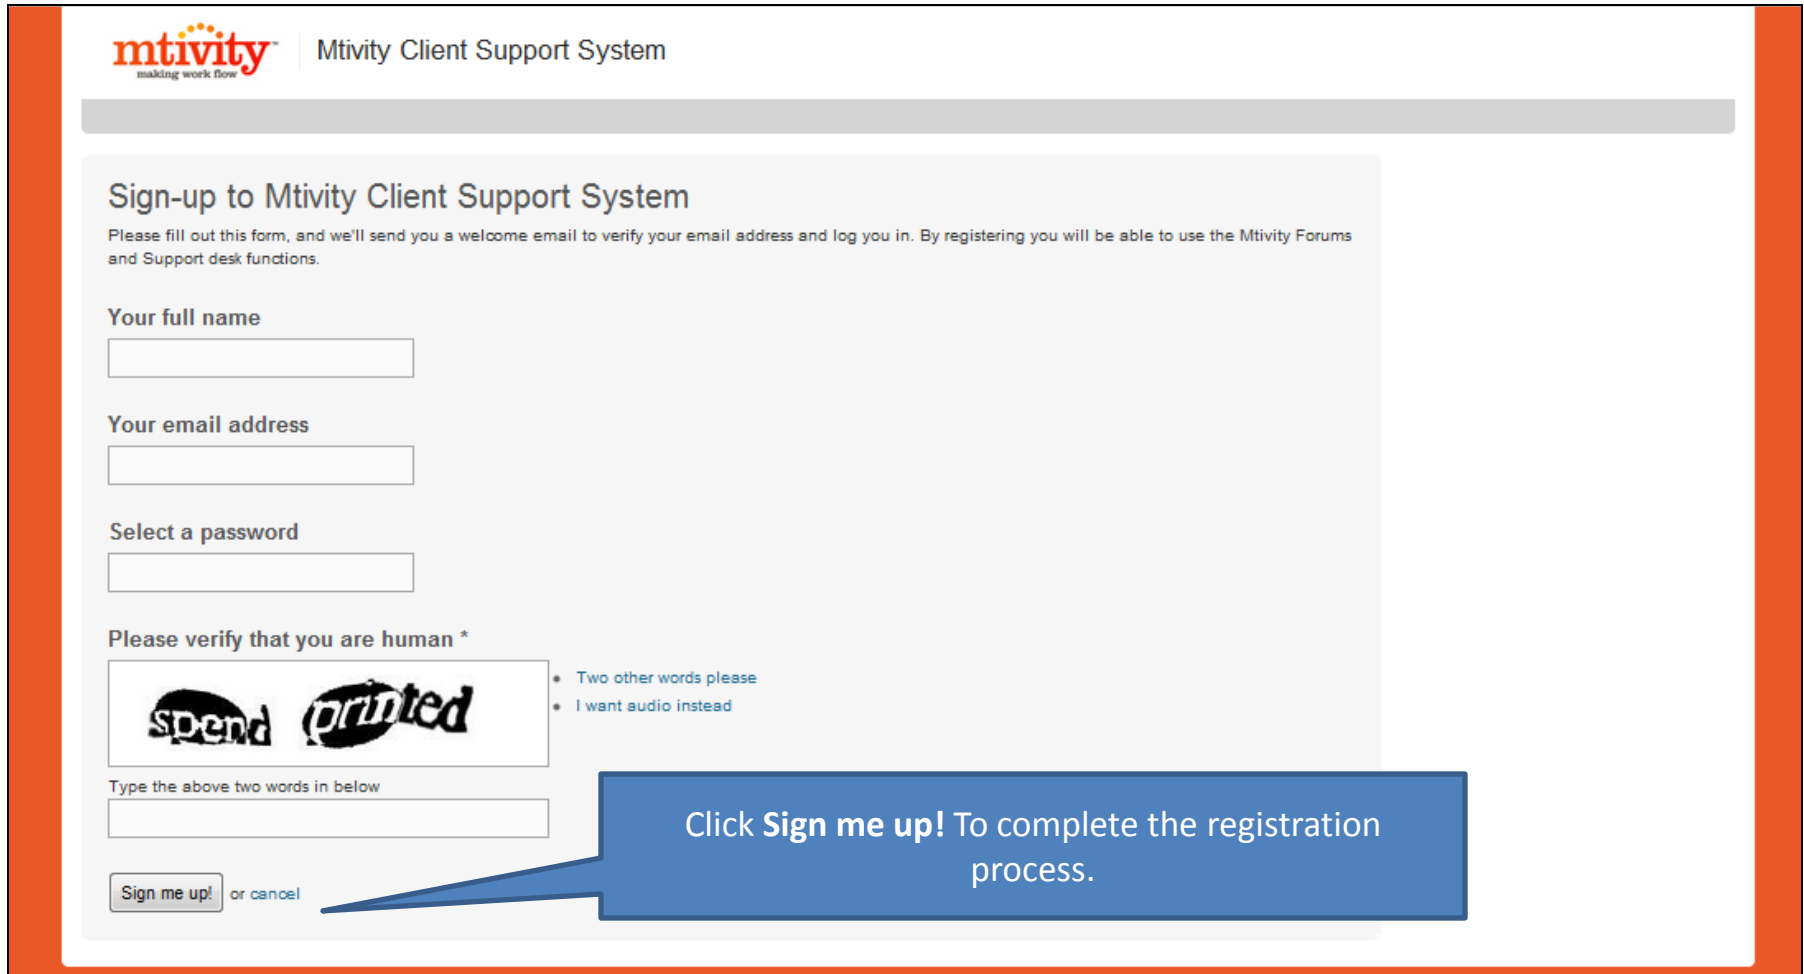

Go to www.mtivity.com/support, as a first time user you will arrive at this page. As you have not used this system before you will not have a profile yet (your Mtivity login will not work) and will be asked to create one.

The screenshot shows the Mtivity Client Support System login page. At the top left is the mtivity logo with the tagline 'making work flow'. To its right is the text 'Mtivity Client Support System'. Below this is a grey horizontal bar. The main content area is titled 'Login to Mtivity Client Support System'. It contains two input fields: 'Email address' and 'Password (Help! I don't know what to enter here!)'. Below the password field is a 'Login' button and a checkbox labeled 'Remember me on this computer'. Below the login section is a section titled 'New to Mtivity Client Support System?' with a link: '[Sign up to submit and track your requests online »](#)'. A blue callout box points to this link with the text: 'Click here to set up your profile – this is a very quick and easy process and only needs to be done once.' Below that is a section titled 'No password?' with the text: 'If you've communicated with our help desk staff through email previously, you're already registered. You probably don't have a password yet, though.' and a link: '[Get a password »](#)'.

Creating your profile for Mtivity Support

Sign up is quick and easy, no long form to fill in. Simply enter your name, email address, a password and then type the words you see for an extra security measure.

 Mtivity Client Support System

Sign-up to Mtivity Client Support System

Please fill out this form, and we'll send you a welcome email to verify your email address and log you in. By registering you will be able to use the Mtivity Forums and Support desk functions.

Your full name

Your email address

Select a password

Please verify that you are human *

- [Two other words please](#)
- [I want audio instead](#)

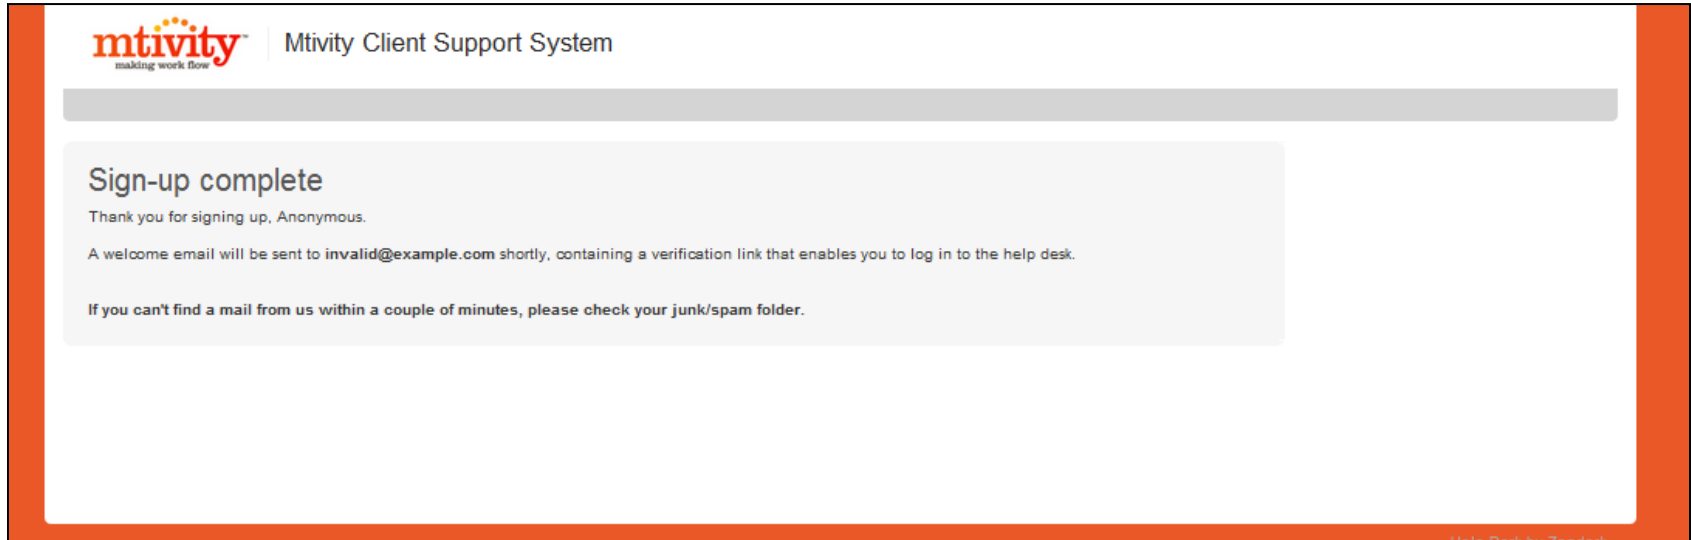

Type the above two words in below

or cancel

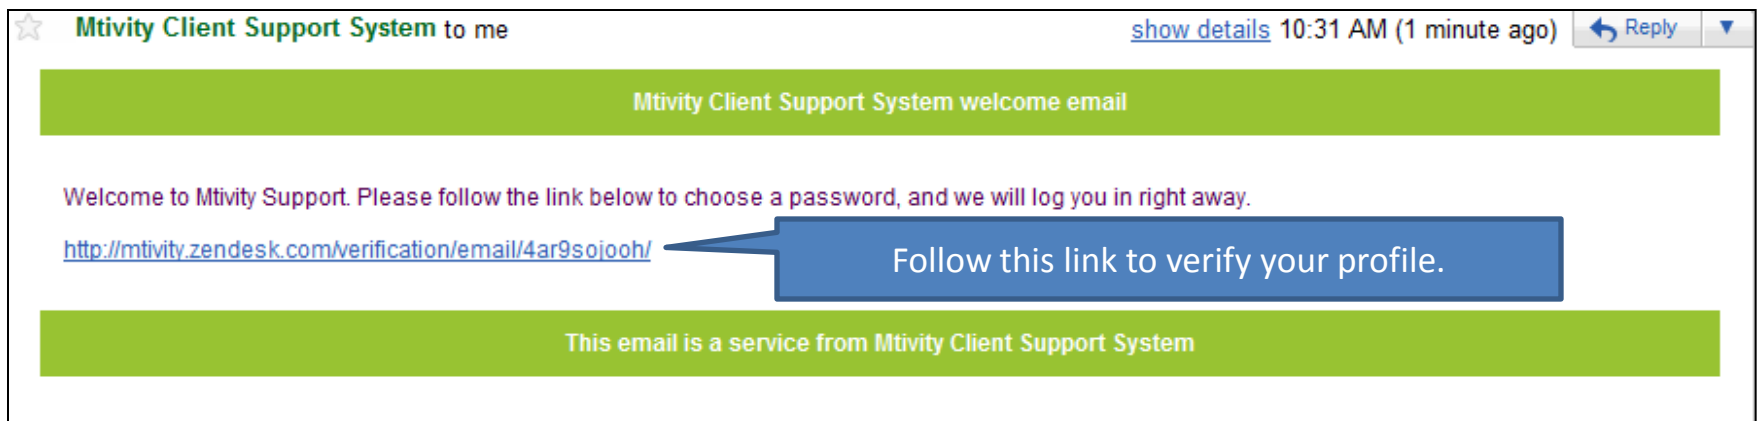

Click **Sign me up!** To complete the registration process.

Creating your profile for Mtivity Support

You will then see a notice to let you know this part of your sign up is complete.

Before you can use the system, you will need to verify your email address. Please check your email, and you should have a message from us (Check Junk / Spam if no email after a few minutes), then click on the link.

Your Mtivity Client Support System

This is your home page, this is the page you will get to when you next login. Make sure you save your email and password somewhere safe!

The screenshot shows the Mtivity Client Support System home page. At the top right, there are links for 'A C Tant | profile | change password | logout'. The main header includes the Mtivity logo and the text 'Mtivity Client Support System'. Below this is a navigation bar with 'HOME', 'SUBMIT A REQUEST', and 'CHECK YOUR EXISTING REQUESTS'. A green checkmark icon indicates 'You've been verified - welcome to your help desk!'. The main content area features a 'Home' section with an RSS icon. The first article is 'Mtivity Release 10.1', submitted on Feb 11 in Announcements, with a link to the release notes PDF. The second article is 'Mtivity USA Launches New Customer Support System', also submitted on Feb 11 in Announcements, mentioning the use of Zendesk.com. A right-hand sidebar contains a 'Forums' section with links to 'Announcements (2)', 'FAQs (8)', 'Guides and Documentation (2)', and 'Upcoming Release Information (0)', along with a search box.

Submitting A Request to Mtivity Support

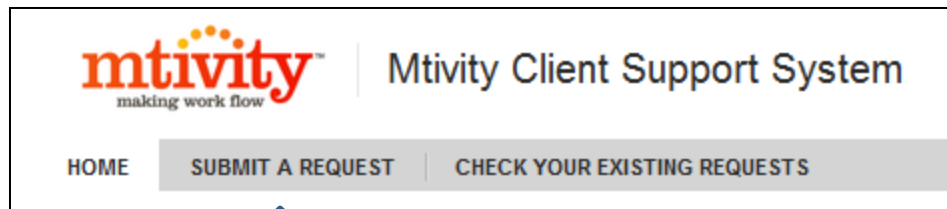

How to use Mtivity Client Support System.

Now we will look at some of the functions of the Mtivity Client Support System.

How to log a support call

In the system, we refer to support calls, reporting of bugs, questions and more as **Requests**.

The Navigation Bar appears at the top of all your pages and provides you links to the main purpose of the system: Submitting and Checking Requests.

By Selecting **Submit A Request**, you will be able to fill in details and information on your Request.

Submitting A Request

Submit a request

Request Type *

Questions are where you need to know how something works e.g How do I add a new supplier to the system

Bugs are where the system is broken, Incorrect Information is being displayed or an error message is shown

Feature Requests are where you would like the system to do something that it doesn't currently do or to be changed in a different way

Select your Request type.
We have 3 types: Question,
Bug and Feature Request.

Submit a request for assistance

Fields marked with an asterisk (*) are mandatory.

You'll be notified by email when our staff answers your request.

Subject *

Enter the subject of your request,
Keep this part simple.

Description *

Please enter the details of your request. A member of our support staff will respond as soon as possible.

The detailed description needs to be completed here.
Please be accurate and provide all the details possible.

Internet Browser and Version

Most browsers display their brand name and sometimes the version number when you first start them. However, this startup screen may go off the screen too quickly. Not to worry, simply select "Help | About..." from the main menu once the browser is loaded. The startup screen will then be displayed. For example, if you are using Netscape..."

e.g. IE 7.0 or Firefox 3.5.7

Depending on the request, by telling us a little about your browser and computer, we may be able to solve a request faster for you.

What sort of computer do you have?

Please tell us what sort of computer you have, it helps us to trouble shoot

Attachment(s)

Choose File

No file chosen

Max file size: 7MB

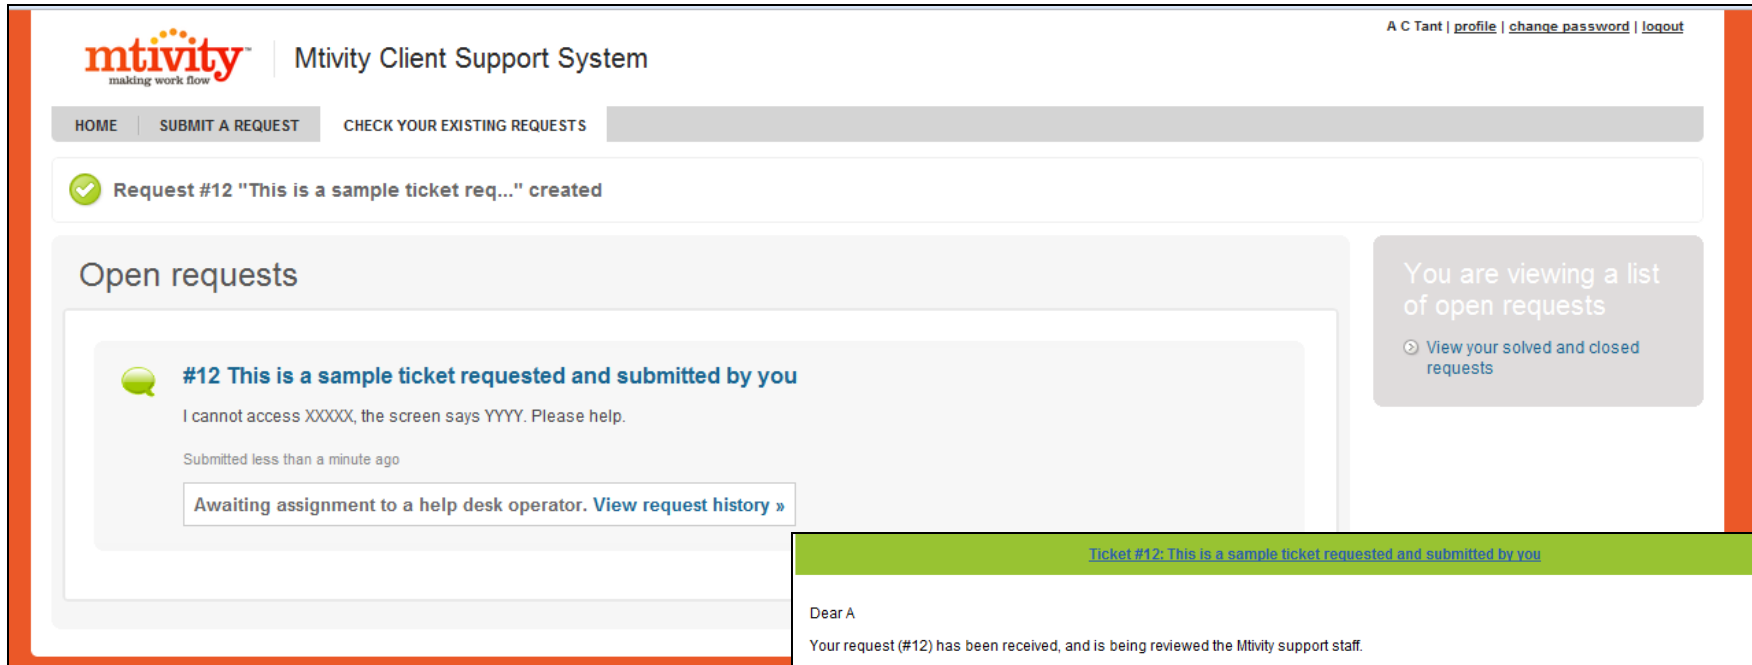

Upload any files that need to be sent with your request. Screenshots entered into a Word Doc are preferred.

Last Step:
SUBMIT.

Submit

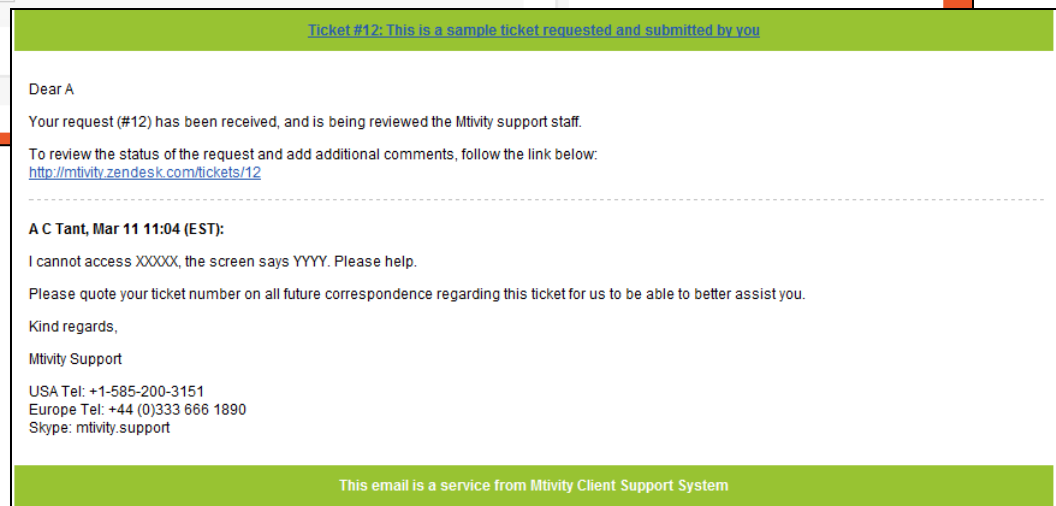

Submitting A Request

Now you have submitted your request, your screen moves to Check Your Existing Requests.

The screenshot shows the Mtivity Client Support System interface. At the top left is the mtivity logo and the text "Mtivity Client Support System". On the top right, there is a user profile section for "A C Tant" with links for "profile", "change password", and "logout". Below the header is a navigation bar with buttons for "HOME", "SUBMIT A REQUEST", and "CHECK YOUR EXISTING REQUESTS". A green checkmark icon indicates that "Request #12 'This is a sample ticket req...' created". The main content area is titled "Open requests" and displays a single request card for "#12 This is a sample ticket requested and submitted by you". The request description is "I cannot access XXXXX, the screen says YYYY. Please help." and it was submitted "less than a minute ago". A button at the bottom of the card says "Awaiting assignment to a help desk operator. View request history »". On the right side of the interface, there is a grey box with the text "You are viewing a list of open requests" and a link "View your solved and closed requests".

You will also receive an email with the Request details.

The screenshot shows an email notification for a submitted request. The subject line is "Ticket #12: This is a sample ticket requested and submitted by you". The email content is as follows:

Dear A

Your request (#12) has been received, and is being reviewed the Mtivity support staff.

To review the status of the request and add additional comments, follow the link below:
<http://mtivity.zendesk.com/tickets/12>

A C Tant, Mar 11 11:04 (EST):

I cannot access XXXXX, the screen says YYYY. Please help.

Please quote your ticket number on all future correspondence regarding this ticket for us to be able to better assist you.

Kind regards,

Mtivity Support

Email to state your request has been solved.

If your request was not resolved, the process will continue in that you will receive an email when Mtivity Support have responded to your additional comments.

Please only use additional comments for problems with this specific request. If you have another issue, please log a new request.

You can have multiple requests at any one time, and these can all be viewed on your profile though Exiting Requests tab on the Navigation bar

Mtivity Forums

Mtivity Forums

As part of our Client Support System, we now also offer interactive forum for all our clients. These are being populated with Frequently Asked Questions, Guides & Documentation as well as updates on Mtivity.

As a user of Mtivity and Mtivity Support, you will have access to these on www.mtivity.com/support We also have client specific forums that you will only see if you are that client or group.

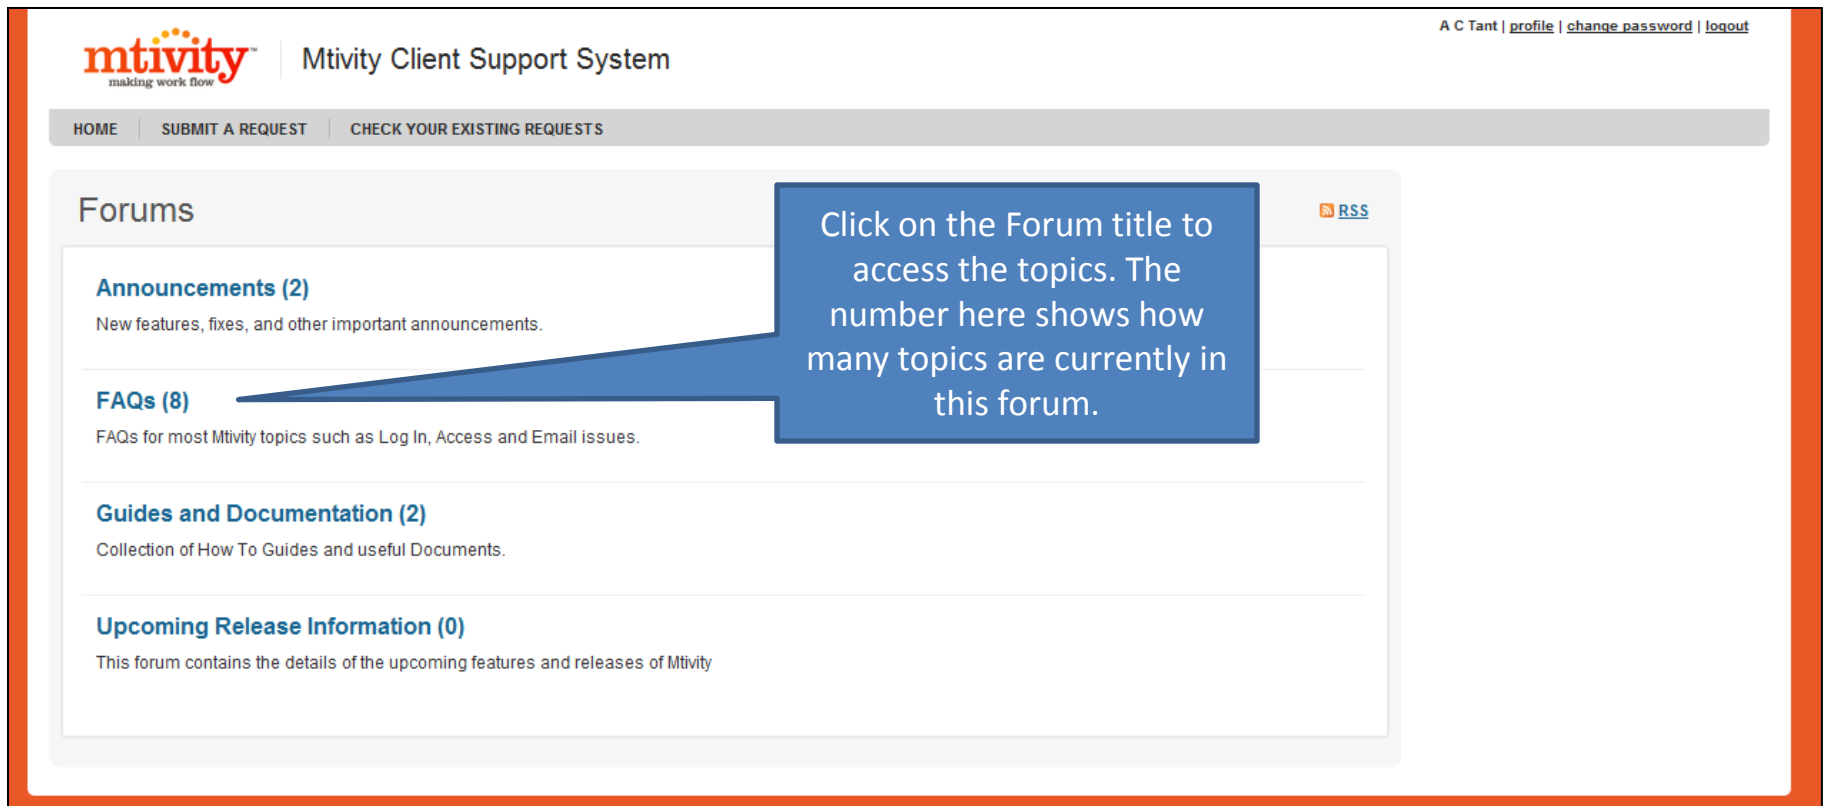

We hope these forums will help assist our client base by giving you ease of access to information previously only available through Mtivity Support or your administrator.

Your Home Page will show you News articles and updates that we wish to bring quickly to your attention, but it will be worth looking also in our Forums, accessed from your Home Page.

The screenshot shows the Mtivity Client Support System interface. At the top left is the Mtivity logo and the text 'Mtivity Client Support System'. Below this is a navigation bar with 'HOME', 'SUBMIT A REQUEST', and 'CHECK YOUR EXISTING REQUESTS'. The main content area features a 'Home' section with an announcement titled 'Mtivity Release 10.1'. On the right side, there is a 'Forums' section with a list of categories: 'Announcements (2)', 'FAQs (8)', 'Guides and Documentation (2)', and 'Upcoming Release Information (0)'. Below the list is a search box with a dropdown menu set to '(All)' and a 'Search' button. Two blue callout boxes provide instructions: one points to the 'FORUMS' link in the top right, stating 'Clicking on FORUMS will take you to the main Forum page. Or select a Forum listed to go directly to that one.'; the other points to the search box, stating 'You can also use this search function to search within all (or selected) forums.'

Mtivity Forums

Forums will be populated by Mtivity, but also by Users. It will be a developing knowledge bank for the use of Mtivity.
